

We are delighted to welcome you back to enjoy a relaxing time with us here at West Street Vineyard.

We very much hope that you will enjoy our new concept and menu. It has been developed to ensure less contact between you and our crew. The menu is built on the idea of smaller, sharing dishes that have been chosen to go perfectly with our West Street wines.

we recommend 3+ per person

# DRINKS LIST

As we are uncertain about what the future holds, we need to keep our stock levels down while we learn how to live and operate as a business in the new world of Covid. We are, therefore, only offering our wines for the time being and only by the bottle so as to avoid contamination risk. You are more than welcome to put the cork back in the bottle and take it with you to enjoy. Should you find yourself having finished the bottle, you can still bring some home as we also sell our wine in our Wine Shop!

As the guidelines are unclear regarding serving drinks in open vessels, we are currently not offering tea or coffee. For the same reason we would recommend bottled water, however, should you want tap water for your table, it will, of course, be provided. This is under constant review, but we have chosen to err on the side of caution to maintain the highest possible safety for our guests and crew.
